

About Donations

A meaningful and satisfying way to honor a person, a group, an occasion, or a milestone is through a donation for the purchase of library materials.

Participation in the Library Gifts Program is a unique and memorable way to do something special for your honoree and for the library. Through the program, books and audiovisual materials can be purchased by the library at a discount rate of 10-40% (the average discounted price of a hardbound book is about \$25).

The most useful gifts are those given without restriction, so that the library may purchase items in areas of greatest need. However, many people prefer to designate their donations for materials that reflect either the interests of the giver or of the person in whose honor or memory the gift is made.

We will be happy to help you select from a wide array of materials including book, DVDs, audiobooks, and magazine subscriptions.

If you wish, your special person or occasion can be identified on a bookplate placed inside each book (or in an appropriate spot on a magazine, DVD, or audiobook).

The Library Gifts Program offers you several ways to donate to the Pauline Haass Public Library. It's easy, and your donation is tax deductible!

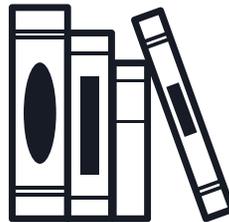

Memorial Donations

A memorial for a loved one is a frequent reason for contributing to the Gifts Program. You may designate a subject area of interest or simply make an undesignated gift. Large or small sums are welcome.

You might also consider the idea of an ongoing memorial which would purchase one or more books each year in perpetuity.

Organizational Donations

Contribute as a civic group to the library through the Gifts Program. Each year your group can donate an amount for general use or in a subject area related to the group's purpose or interests. These materials can honor an individual or recognize the organization and its accomplishments.

give accordingly to that little.

Business/Corporate Donations

Recognizing retirees or raising public awareness of your company are two of many reasons to donate to the library through the Gifts Program. A subject may be selected for a book, DVD, or magazine subscription that ties in with your company's focus, or you may prefer to make an unrestricted gift.
